

MINSTREL FOUNDATION

FOR MUSIC AND ARTS ADVANCEMENT

Minstrel Programs 2022

Over the past 25 years, The Minstrel Foundation has raised over **3.4 million dollars** to fund music and arts programs, music camps and scholarships for advanced studies for youth in Greater Toronto in need of financial assistance. Your support truly makes a big difference to young lives and helps them build self-confidence and feel good about themselves. Music education not only enhances a child's academic performance in math and science, it also engenders teamwork, communication and other social skills that are critical to success as an adult.

The following are some of the programs we support whose needs are growing each year.
